2016 JOINT SOCIETY LUNCHEON

MEET THE SPEAKERS

Mike Celata Regional Director Gulf of Mexico Region, Bureau of Ocean Energy

Marc Ehrhardt, Executive Director, Grow Louisiana Coalition

Mike Celata,
Regional Director

Mike Celata, BOEM Gulf of Mexico Region Director, leads all leasing, regulatory oversight, and resource management functions for offshore energy and marine minerals development on the U.S. Gulf of Mexico OCS and for oil and gas and G&G permitting activities on the U.S. Atlantic OCS. He has worked for the Department of Interior for 28 years.

During his tenure, he has played key leadership roles in advancing geological and geophysical survey activity along the Atlantic coast, developing and implementing worst case discharge reviews, implementing financial risk operations, and developing the geological interpretive tools system. He holds a B.A. in geology and physics from Bowdoin College and attended the Boston College Master of Science Program, where he was a seismological research assistant.

Marc Ehrhardt,
Executive Director

The Gulf of Mexico OCS is the primary offshore source of hydrocarbons for the United States, generating approximately 97 percent of all offshore oil and natural gas production accounting for 17% of total U.S. crude oil production and federal offshore natural gas production in the Gulf accounts for 5% of total U.S. dry production.

Marc Ehrhardt has served as executive director since the Grow Louisiana Coalition's inception in January 2014. In this position, he represents the Coalition as its spokesperson and works with its board of directors to develop and execute a plan to fulfill its mission of enhancing the value of Louisiana's oil and gas industry and affiliated industries.

As a public relations professional, he manages public affairs, corporate image, national media relations, issues management and crisis management programs in the economic development, retail, financial and manufacturing industries. He earned his Bachelor of Arts degree in Political Science from Loyola University Chicago.
