

I am pleased to announce that the 13th Annual Gulf of Mexico Deepwater Technical Symposium will be held at

Hilton New Orleans Riverside
27th - 28th of August, 2009

The symposium is a joint effort between Delta Section of Society of Petroleum Engineers, American Association of Drilling Engineers and New Orleans Geological Society.

This year's theme for the symposium is **Opening THE LIMITS** with tradition for the symposium continuing to focus on Gulf of Mexico case studies and key technologies in the following sessions

- **Drilling**
- **Completions**
- **Production Systems**
- **Reservoir & Economics**
- **Geoscience**
- **HS&E / Regulatory**
- **Alternate Energy**
- **Emerging Technologies**
